

# Stores Person

---

Alpha Converting designs and manufactures a wide range of winding equipment for the converting industry. Our machines are varied, high quality, often automated and exported worldwide. The Company is constantly innovating and is an exciting place to work providing many technical challenges. There is considerable job satisfaction every time you complete a machine successfully and it is delivered to our customer.

We are looking for someone who is flexible, keen to work and works well with other people. You must be computer literate.

Your principle role is to be responsible for managing of the stores, booking in all parts, issuing for assembly and stock control.

You will also assist with labouring jobs as required, including preparation of parts for painting.

Although experience in an engineering environment is helpful, this is not essential and training will be given as required.

We are a friendly Company with good team spirit and you will enjoy working with us.

Due to our growth we are moving to a larger factory in Edison Road Bedford at the end of 2016.

Salary range £7.00 to £9.00 per hour.

Generous pension
